

Duke of Edinburgh Award Scheme – Gold Expeditions 2024

Dear Participant,

How will your expedition work?

We deliver Gold expeditions around the country - either from our site on the Ashdown Forest or in a Wild-Country location of your choice.

Your team will be given a specific arrival time to the start point and we would ask that you adhere to this as best as possible. This is to ensure we stagger other team arrivals. You will be met by your trainer / supervisor / assessor who will advise on the next stages of the expedition.

With amount of DofE groups that operate the National Parks, we also expect you to be polite to members of the public, keep the noise to a respectful level and adhere to the Countryside Code, making sure that you stick to the marked routes and close any gates behind you. Please avoid cattle, horses and any other animals or wildlife, plus take any litter you find with you, even if it is not your own. *'Take nothing but memories, leave nothing but footprints'* – Chief Seattle. The new kit list requirements ask that you provide a small, alcohol-based hand sanitizing gel. This should be utilised before and after opening any gates, crossing stiles or eating any snacks etc.

All group equipment (as per the kit list) will be provided but you are of course welcome to bring your own! Cooking wise, we suggest that you bring personal snacks and 'boil in the bag' meals. These are quick and simple and provide all of the necessary nutrients etc that will help to keep your energy levels up during the expedition. Pasta with various sauces are also popular choices. *Only stoves that operate with a 'screw on' gas container will be permitted.* We will also provide you with a group first aid kit. Do please bring any additional personal medication that you require (ie inhalers if you suffer from Asthma, blister plasters, hay fever tablets, pain control etc).

You can purchase 'boil in the bag' meals from any good outdoor provider. We would suggest brands such as Wayfarer or Summit To Eat. These are available from any good retailer such as Cotswolds Outdoors and Blacks. You can also purchase these online.

Each team will be provided with an emergency phone number. A member of our staff will be on-call for the duration of your expedition. You should use this number immediately should any of your team members show any signs of serious illness or injury. If appropriate, dial 999 first!

Training / Practice and Qualifying Expeditions

Under normal circumstances, you should attend a practice expedition to demonstrate that you have been sufficiently trained to undertake the qualifying expedition. This may have been completed with your school, youth group or another Approved Activity Provider.

The training / practice expedition will have covered / re-visited areas such as:

- The Expedition Rucksack, Equipment and Footwear, including Blisters and how to avoid them!
- Use of Stoves and Expedition Food.
- Tents and Campcraft to include Campsite Etiquette.
- Emergency Procedures, First Aid and Road Walking / Crossings.
- Navigation and Navigational Techniques.
- Keeping Safe during the Expedition.

You will complete your route planning at the start of the qualifying expedition. This means that you will have plenty of time to work on this with your team.

If applicable - Should you be joining us for a qualifying expedition only (ie, you have already completed a practice expedition) or you are joining us as an Open Expedition participant, you will be given chance at the start of the expedition on day 1 to plan your routes with your assessor. We will provide you with the campsite details and it will be your responsibility to plan a suitable route between them!

Other Information

Blackland Farm Outdoor Centre is an Approved Activity Provider (AAP) for the Duke of Edinburgh Award Scheme for both Walking (foot) and Paddlesport (canoe based) expeditions at all levels; Bronze, Silver and Gold, plus Gold Residential activities. We also hold an Adventure Activities Licensing Authority (AALA) licence, a Learning Outside the Classroom (LOtC) Quality Badge, AAIC Adventure Mark and Visit England 'We're Good To Go' Quality Mark.

Our Assessors will complete all of the necessary paperwork following your qualifying expedition (you will need to provide your eDofE ID). Once we update the expedition report, your Local Authority or School / College DofE Coordinator will receive confirmation that you have completed this element of the Award.

A kit list is provided on the following page to help you plan your expedition:

EXPEDITION KIT LIST – PERSONAL EQUIPMENT – GOLD AWARD

Amended – April 2024

QTY	ITEM	NOTES
1	Walking boots (broken in)	
4	Pairs of walking socks	Ideally woollen

1	Group Shelter	Supplied ****For emergency use only****

SLEEPING BAG GUIDE

Season	Season Rating	Use	Typical Night Temperature
Summer	Season 1	Summer Camping Indoor use	+10 degrees or higher
	Season 2	UK late spring Early Autumn	+5 degrees or higher
Winter	Season 3	Autumn / Winter Mild – Cold nights – Without frost	+0 degrees or higher
	Season 4	Cold winter nights May be frost / snow	-5 degrees or higher

Example:

Synthetic Sleeping Bags

PROS	CONS
Retains insulation when damp / wet	Does not retain heat as well as down
Cheaper than down	Bulkier and heavier
Easier to clean	Shorter life span

Down Sleeping Bags

PROS	CONS
Excellent heat retention	Loses heat insulation ability when wet
Lightweight – better warmth to weight ration	Takes a long time to dry out when wet
Wider comfort temperature range – This makes it suitable for cold and warm temperatures	More expensive
Long lifespan if looked after!	Requires special cleaning
Easier to compress and packs small	

Sleeping Bag Liners

Sleeping bag liners are inserted inside your sleeping bag to provide an extra layer of warmth, improve hygiene and extend the life of the sleeping bag.

Sleeping Mats

Sleeping mats and roll mats go under your sleeping bag and provide insulation from the ground to keep you warm when sleeping outdoors.

Expedition Kit List

Please feel free to contact us should you have any questions regarding any items on the kit list.

Expedition Requirements

As you should be aware, you are required to meet what are known as the 'Expedition Requirements'. These are detailed in the page below.

And Finally!

Hopefully, this has provided you with an insight as to how your expedition will run this year. Please feel free to contact me should you have any further questions or concerns!

Kind regards,

Ollie Saffery

DofE Qualifying Expedition Conditions			
Planning the Expedition			
1	The team must plan and organise the expedition; all members of the team should be able to describe the role they have played in the planning.		
2	The expedition must have an aim. The aim can be set by the Leader at Bronze level only.		
3	All participants must be within the qualifying age of the programme level and at the same Award level (i.e. not have completed the same or higher level expedition).		
4	There must be between 4 and 7 participants in a team (eight for modes of travel which have tandem)		
5	The expedition should take place in the recommended environment:		
	Bronze: Expeditions should be in normal rural countryside – familiar and local to groups.	Silver: Expeditions should be in normal rural, open countryside or forest – unfamiliar to groups.	Gold: Expeditions should be in wild country (remote from habitation) which is unfamiliar to groups.
6	Accommodation must be by camping or other simple self-catering accommodation (e.g. camping barns or bunkhouses).		
7	The expedition must be of the correct duration and meet the minimum hours of planned activity:		
	Bronze: A minimum of 2 days, 1 night; 6 hours planned activity each day.	Silver: A minimum of 3 days, 2 nights; 7 hours of planned activity each day.	Gold: A minimum of 4 days, 3 nights; 8 hours planned activity each day.
8	All expeditions must be supervised by an adult (the Expedition Supervisor) who is able to accept responsibility for the safety of the team.		
9	Assessment must be by an accredited Assessor. At Bronze level only, the Assessor may also be the Expedition Supervisor.		
10	Expeditions will usually take place between the end of March and the end of October. They may take place outside this period, if so, non-camping accommodation options should be considered.		

Training and Practice			
11	Participants must be adequately trained to safely undertake a remotely supervised expedition in the environment in which they will be operating.		
	Bronze: Teams must complete the required training.	Silver: Teams must complete the required training and a practice expedition of minimum 2 days, 2 nights.	Gold: Teams must complete the required training and a practice expedition of a minimum 2 days, 2 nights.
12	All expeditions must be by the participants own physical effort, without motorised or outside assistance. Mobility aids may be used where appropriate to the needs of the participant,		
13	All expeditions must be un-accompanied and self-sufficient. The team must be properly equipped, and supervision must be carried out remotely.		
14	Teams must possess the necessary physical fitness, first aid and expedition skills required to complete their expedition safely.		
15	Groups must adhere to a mobile phone use policy as agreed with their Expedition Supervisor and Assessor. This agreement should also include use of other electronic equipment.		
16	Participants must behave responsibly with respect from their team members, Leaders, the public and animals.		
17	Groups must understand and adhere to the Countryside / Scottish Outdoor Access, Highway and Water Sports Codes (as appropriate).		
18	Participants must plan an appropriate expedition menu, including cooking and eating a substantial hot meal on each day. This is optional on the final day.		
Post Expedition			
19	Participants must actively participate in a debrief with their Assessor at the end of the expedition.		
20	At Silver and Gold level, a presentation must be prepared and delivered after the expedition.
