

Duke of Edinburgh Award Scheme – Gold Residentials 2024

Dear Participant,

Blackland Farm Outdoor Centre is an Approved Activity Provider (AAP) for the Gold Residential Section of the Award Scheme.

For the Residential section, you need to undertake a shared activity or specific course where the majority of participants are unknown to you, in a residential setting away from home and in an unfamiliar environment. Evenings are often as much a part of the experience as daytime activities. The residential section consists of a 5-day, 4-night programme and you should be aged between 16 and 24 plus registered for the Gold Award.

This section offers a high degree of flexibility, but it must be done with an organised group, registered charity or Approved Activity Provider (AAP).

What to expect?

The residential activity week will consist of a number of activities including climbing, abseiling, high and low ropes, zip lines and kayaking, plus an element of teamwork which remains in keeping with the ethos of the Award. A *sample* programme outlining a typical Gold Residential activity week is shown below to give an idea as to what you will be doing throughout your week. You will be provided with a budget for the week to plan and cook your meals as a team. This will require you to discuss and work together to cater for any dietary requirements and allergies.

What is included?

- A full time Residential Course Director who will be available to assist with anything before, during and post activity week.
- High quality activity week delivered from our Ashdown Forest site with a variety of different outdoor activities to keep you busy!
- Experienced instructors holding National Governing Body qualifications relevant to the environment in which they are working. All of our instructors hold a current and relevant first aid qualification and Enhanced DBS certificate.
- All technical equipment and PPE provided.
- All supervision and developmental training throughout the programme. We aim to help young people develop their personal and practical skills as much as possible throughout their experience with us, both as individuals and as part of their team.
- Smiles and encouragement throughout!

We also provide the following equipment:

- Harnesses, Helmets and PPE for roped activities
- Kayaks, Buoyancy Aids, Paddles and PPE for water activities
- Group First Aid Kits
- Hi-Vis Vests (for any potential road walking)
- Refreshments throughout the day
- Insurance

Residential Venue

Our residential packages are run from our site at Blackland Farm on the Ashdown Forest which is situated over 126 acres of woodland and open space. Accommodation will be in Weavers Lodge which features four 8 bedded dormitories plus a fully catered kitchen and dining room.

Our PaddleSports activities are run from nearby Weirwood Reservoir where we have private access to launching facilities.

The site itself features a multitude of high roped activities plus zip wires, indoor and outdoor climbing, archery, abseiling, low ropes and team building activities, canoeing and kayaking.

What does the Gold Residential Activity Week package cost?

Probably the most important question!

We have managed to keep this week at an extremely affordable price!

We are offering the Gold Residential Activity Week for £345.00 + VAT per person!

This price includes all activities, facilities and food for the week plus instructional staff. It also includes a full residential report and the sign-off required to complete this section of the Award.

Please ensure that you have completed your aims and goals section prior to our assessors completing their reports otherwise they will not upload to your eDofE account.

A kit list is provided on the following page to help you plan your expedition:

Personal Equipment Kit List

Adequate clothing for 5 days of outdoor activities / conditions;
Clothing for travelling and wearing around the centre;
Appropriate shoes / trainers for wearing in the kitchen facility – No sliders, flip-flops or any other open toed shoes;
